Our German shelf UGs are fully established and have not engaged in any previous business activities; this avoids any risks of pre-incorporation liability. The shelf companies are registered in the commercial register in Berlin and are ready for immediate acquisition.

The purchase price is 2,500 EUR (this includes 1,000 EUR share capital) and covers all of our start-up and administrative costs.

UG SHARE CAPITAL: 1,000 EUROS

- › 1,000 EUR shares with a par value of 1 EUR each
- › Fully paid up upon transfer
- › Available in full to the company management as credit in the company bank account
- › Start-up and administrative costs to date are not deducted from the total

TRANSFERRABLE BANK ACCOUNT

The existing company bank account can be transferred for subsequent operational use.

We provide the necessary forms for transfer when you acquire the company. You can also apply for additional services such as online banking and credit cards at this point.

5 STEPS TO YOUR UG

1 Reservation

You order your shelf UG from us, making a free and non-binding reservation. Reservations are generally valid for one week; please contact us if you require a longer reservation period.

2 Prior information

Following your reservation request, we will send you confirmation of reservation together with a copy of the following documents on the UG reserved for you: notice of registration from the commercial register, memorandum and articles of association of the GmbH general partner and the latest bank statement for the company. From you, we need details of the company.

You have two options:

- a) Complete the questionnaire on the company and return it to us by fax or e-mail. The questionnaire is sent out with confirmation of reservation and is also available at: foris.com/en/shelf-companies/ug
- b) Simply call us during our business hours, which are Monday to Friday from 9:00 to 18:00.

3 Purchase price

You transfer the purchase price (including the share capital) to the account specified in the confirmation of reservation. Alternatively, you can arrange for a German lawyer or accountant to give us confirmation that the purchase price has been paid into an escrow account for later payment to us, or to provide an irrevocable written undertaking to pay the purchase price. In these cases, the purchase price will increase by 100 EUR to cover our additional costs.

4 Documents by courier

As soon as the purchase price is paid or a payment undertaking is provided, we initiate transfer of the company. We are generally represented by an authorised agent at the appointment to notarise the purchase and assignment contract and therefore issue a power of agency to a person named by you.

We send your notary the following documents by courier: the power of agency, the original company documents (memorandum and articles of association, application for commercial registration, list of shareholders, shareholder decision on the appointment of the first director and summarised opening balance sheet) and confirmation from the bank of payment in full of the share capital.

5 Appointment with the notary

You arrange an appointment with your notary at which the purchase and assignment agreement and all necessary amendments are notarised (change in management, approval of the actions of the original management and changes to the articles of association, including but not limited to the change of company name and the new business purpose). Your notary then submits all changes for entry in the commercial register and sends us an un-certified copy of the documents.

ABOUT FORIS

As an industry leader in Germany, we have established and sold corporations for over 20 years. During this period, we have established more than 8,500 companies.

Many law firms, accountants, auditors, M&A advisers, companies and corporations buy their legal entity as a previously founded FORIS shelf company. This saves our clients time, and they can avoid the potential liability of going through the start-up process themselves.
